(Place elongated Territories in this area)

- **Winter Park Territory** - Everyone's favorite part of Colorado's Favorite® resort. Known for its groomers, long cruisers, and renowned Ski + Ride School, this territory is perfect for families who want to stay together...and for those times you just want to escape on your own and tackle a diamond or two.

- **Cirque Territory** - Encompassing 399 acres of the most extreme, double-black diamond terrain, you will have the excitement of un-groomed, backcountry skiing and riding within a patrolled area. Once only accessible by hiking, The Cirque now features the new **Cirque Sled** which takes away the long hike and allows more time for you to enjoy this terrain.
- **Eagle Wind Territory** - Three words: exhilarating tree skiing. Home to pristine powder, tree and glade skiing, with expert, sidecountry-like terrain winding through a beautiful, challenging forest.
- **Parsenn Bowl Territory** - An intermediate-friendly, high-alpine experience, from challenging to chill, starting with a wide-open bowl and ending in gorgeous glades more than 1,600 vertical feet below.
- **Vasquez Ridge** - Intermediate and advanced terrain as well as hidden pockets of untouched snow, you can truly get away from it all. Expect utterly amazing skiing and riding. There's no escaping the powder stashes here.
- **Mary Jane Territory**- Known for her world-class bumps and tree skiing for generations, she is long, bumpy, and unabashedly challenging, but with plenty of intermediate runs to help you chill out when you need to. Mary Jane is truly an authentic Colorado experience.
- **Terrain Park** – For the boarder in you! Proof that jumps, jibs and rails are truly for everyone. Winter Park's entire park system features an 18-foot superpipe and more than 80 other innovative, progressive features that they're always re-configuring.

Trails: 3,081 total skiable acres, 327 inches of average snowfall, 143 designated trails and 1,212 acres of off-piste terrain, including Vasquez Cirque and glade skiing.
